

Form ADV 3, Customer Relationship Summary – Compass Ion Advisors, LLC

Effective Date: February, 2024

Introduction

Compass Ion Advisors, LLC is registered as an investment adviser with the U.S. Securities and Exchange Commission. Investment Advisory Services and Brokerage fees differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

What investment services and advice can you provide me?

We offer services to retail and institutional clients. **Accounts:** We service retail nonqualified and qualified accounts as well as all manner of institutional accounts. **Investments:** We use mutual funds, exchange traded funds, structured notes, stocks, and bonds to construct portfolios.

Monitoring: We monitor portfolios and securities in accounts on an ongoing basis. We also meet with you at least annually depending on your needs. **Investment Authority:** We provide our services on a discretionary and nondiscretionary basis as requested. We execute investment recommendations and specific transactions, in accordance with your investment objectives, with or without your prior approval, based upon discretionary or nondiscretionary account management status. Our engagement will continue until you notify us otherwise in writing. **Limited Investment Offerings:** We do not make available or offer advice with respect to proprietary products nor to a strictly limited menu of products or types of investments. **Account Minimums and Other Requirements:** We may require a minimum of \$500,000 or a minimum annual fee of \$2,000 in order for you to open/establish a relationship with our firm. This may be negotiable under certain circumstances.

For more detailed information on our relationships and services, please see Item 4 – Advisory Services and Item 7 – Types of Clients of our Form ADV Part 2A.

Conversation Starters

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?*

What fees will I pay?

You will pay an ongoing asset-based fee. This fee will be collected at the beginning of each quarter and is calculated as a percentage of the value of the cash and investments in your account[s] that we manage.

Potential Conflicts of Interest: The more assets in your advisory account, the more you will pay in advisory fees, and we therefore have an incentive to encourage you to increase the assets in your account. However, as your assets increase, our fee rate decreases at certain breakpoints. **Other Fees and Costs:** In addition to our advisory fee, you will also be responsible for custodian fees, account maintenance fees, fees related to mutual funds, and other transactional fees. Clients may also pay additional fees for additional services such as financial planning, retirement plan consulting, structured notes or third-party investment managers; these services are charged at a fixed rate, as a percentage of the account[s] invested, and/or in rare circumstances, on an hourly basis. Some of our Investment Adviser Representatives also serve as insurance agents. Through their role as such they may sell, for commissions, various insurance products.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A.

Conversation Starters

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What Are Your Legal Obligations to Me When Acting as My Investment Adviser? How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?

When we act as your investment adviser, as fiduciaries, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates the potential for conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. We will recommend that you open your account with a specific custodian, where we have an institutional relationship and receive economic benefits. However, you ultimately decide where to open your accounts. Choosing a different custodian may result in the loss of quality of service and/or ability to obtain favorable prices. Certain Investment Adviser Representatives of our firm are also Registered Representatives of Keel Point Capital LLC. ("Keel Point"), an SEC Registered broker/dealer. These individuals may offer you brokerage services through Keel Point or investment advisory services through us. Brokerage services and investment advisory services are different, and the fees we, and Keel Point, charge for those services are different. It is important that you understand the difference. These individuals may earn transaction-based compensation and have additional conflicts of interest as a result of providing brokerage services through Keel Point. You are encouraged to learn more about Keel Point by visiting <https://www.keelpoint.com/> and having a discussion with us. As noted above, certain investment adviser representatives of our firm are also licensed insurance agents and may earn commissions on various insurance products. We have a conflict of interest in recommending these products to you because of the potential for additional revenue. We have a financial incentive to recommend that you rollover retirement plan assets into an IRA we manage; however, we seek to educate you on your options and the fees and benefits associated with each choice and then allow you to choose which you feel is in your best interest.

For more detailed information on conflicts of interest, please see Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A.

Conversation Starters

- *How might your conflicts of interest affect me, and how will you address them?*

How Do Your Financial Professionals Make Money?

Our financial professionals are compensated based on an agreed upon annual salary and/or a discretionary bonus. Our principals also receive a share of the profits earned by the firm as a whole. This means financial professionals have an incentive to increase the asset size in the relationship or solicit new business.

Do you or your financial professionals have legal or disciplinary history?

Yes. You can visit www.investor.gov for a free and simple search tool to research our firm and our financial professionals.

Conversation Starters

- *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Additional Information

You can find additional information about our investment advisory services by visiting www.sec.gov/check-your-investment-professional or brokercheck.finra.org and searching with our CRD #166418 or by visiting www.ionadv.com. You can request up to date information and a copy of our client relationship summary by contacting us at mkane@ionadv.com or (610) 228-2200.

Conversation Starters

- *Who is my primary contact person? Is he or she a representative of an investment adviser? Who can I talk to if I have concerns about how this person is treating me?*
